

OGUNQUIT FUEL INITIATIVE, JANUARY 2021 UPDATE

The Ogunquit Residents Alliance began a Fuel Initiative in 2020. The goal is to provide, through group purchase, fuel at reduced costs.

Customers may be residents or business owners in Ogunquit and do not have to be ORA members to participate.

This first year was very successful. We had contacts with forty-six families. Two different vendors offered discounted rates.

Due to late notification, some families had already signed agreements with other vendors and therefore could not take advantage of these special rates.

Thirty- five families participated in this program for 2020-2021. Several families have requested we keep them in mind for the 2021-2022 programs.

Anyone who wants a reminder for next year's program, please do not hesitate to send us your email. We will continue to offer this program in 2021.

Wishing everyone to stay safe and winter well.

Fuel Form will remain online If you wish to enroll for 2021-2022. We will contact all participants and new enrollees in May/June.
